Dedication

Why do we dedicate the '60 LANTITE to you?
BECAUSE you gave the STATE of MISSOURI a famous SON
BECAUSE you gave the CHRISTIAN CHURCH a dynamic and CHRISTIAN LEADER
BECAUSE you gave LANE COLLEGE an eminent scholar and a most capable PRESIDENT.

Mrs. Mattie W. Kirkendoll, we dedicate the '60 LANTITE to you.

First Commencement under the leadership of President Kirkendoll — May, 1951. (From left to right) Dr. F. D. Patterson, President of Tuskegee Institute; Mrs. C. A. Kirkendoll, Jr.; President C. A. Kirkendoll, Jr., and Dr. Hollis Price, President of Lane College.

Mother and sweetheart, now Mrs. C. A. Kirkendoll, Jr., pose with Chester A. Kirkendoll during his Commencement — May, 1951.

Mother, relatives and friends from Kansas City attend President Kirkendoll after the Inaugural Services. October, 1951.
Foreword
by Gerald Taylor, associate editor

Scenes on the Lane College campus for the past four years have been dynamic, colorful, and changeable. This has been particularly true during 1959-60. The activities calendar was crammed and student participation ran high.

What has distinguished the past four years from all the other years of our life? There is no formula, precise definition that will communicate the richness of the years that we have experienced here at Lane. We must continue to review them in all their complexities to arrive at an answer.
The '60 Lanite Staff

The '60 LANITE STAFF worked diligently to make their part of the yearbook lively and interesting. Going over plans for the '60 LANITE are (left to right) Jacqueline Beasley, Shirley Winston, Lanier Simmons, Affretta Burton, Ruby Iveyson, (seated) Dorsey Lee, Franklin Kindrich, Dorothy Hamilton, Geraldine Taylor, William Ceven, Pearson Kemp, (foreground) Connie Pickens, Jimmy Hubbard.

Pondering over interesting layout designs for various pages are (below, left) Lanier Simmons, art editor, Connie Pickens, copy editor, and William Ceven, editor-in-chief. Meanwhile, sports editor, Jimmy Hubbard, is busy typing write-ups. Below, right, feature editor, Dorsey Hamilton, business manager, Pearson Kemp, and associate editor, Geraldine Taylor, are working on the right pictures for the '60 LANITE.
December 12, 1958

To The Senior Class of 1960:

Your four years at Lane College are quickly coming to an end. During this period you have had many enriching, stimulating and invigorating experiences. We trust they have adequately prepared you for meeting and solving life's problems which will inevitably confront you in the years ahead.

As a whole, the class of 1960 has shown many sterling qualities, such as leadership ability, initiative, and concern for high ideals, which should go a long way in helping you adjust to the new environs in which you will find yourself upon leaving this "controlled life" of the college campus. It is our hope that you will adapt well to your new communities and will meet adequately the many demands placed upon you for service and leadership.

Be ever reminded that the prayers and best wishes of the Lane College family go with you in the professional pursuits you follow. We are confident that in the things you accomplish you will reflect honor upon your Alma Mater, Lane College - A Symbol of Christian Education.

Very truly yours,

C. A. Kirkendoll
President

CAK:fe

Chairman of the Board of Trustees

BISHOP R. JULIAN SMITH

Through your efforts many of our dreams have been made possible. Realizing that your job is endless and sometimes unnoticed, the class of 1960 wishes to express our sincere thanks and deep appreciation to the Chairman and each member of the Board of Trustees.
The '60 Lanite Campus Accent
President W. S. Davis of Tennessee A. & T. State University and Dr. Horace C. Savage, author of "Life and Times Of Bishop Isaac Lane," accompanied President C. A. Kirkendoll to the Capitol for the signing of the proclamation by Tennessee's Governor Buford Ellington proclaiming March 3 as BISHOP ISAAC LANE DAY.
The Division of Humanities

Dr. C. D. Bigger, Chairman

The general aims of the Division of Humanities are:

To provide the student with a broader understanding of his cultural heritage and thus enlarge the cultural perspective in his own view of life.

To acquaint the student with contemporary life and its problems, and at the same time enable him to build wholesome attitudes and to make intelligent choices.

To acquaint the student with great works of art, music, drama, and literature of all peoples and times, to give him some understanding of their aesthetic principles and techniques, and to inspire him to develop some degree of competence in at least one area.

To help the student appreciate the art, music, drama, and literature he experiences in the theater, art gallery, concert hall, on television, etc.

To develop an appreciation for clear, forceful verbal expression, and to achieve skill in the art of communication.

Faculty Recital

Lone College presented its faculty as Recital, November 19, 1959, an affair the students dare not miss! The recital ranged from vocal and instrumental classical selections to Dunbar's "Tobacco Spot." As usual the recital gets bigger and better every year.

Romance Languages

Because of the ever-widening spheres of communication brought forth by war, increased employment in foreign service, the United Nations, missionary work, exchange teachers and the intimate relationship of our country with other countries, the ability to speak a second language is of immense value. Students at Lane may minor in French or Spanish.

MRS. HAZEL WRIGHT
Professor of Spanish

MRS. W. E. JONES
Professor of French

MRS. JO ANN KUNG
Advanced French Class

MRS. P. H. HOWARD
Doubles in the Department of English

MRS. C. R. TAYLOR
Advanced Composition

English

The English department agrees that everyone should speak a second language, but it is of the opinion that students should first achieve the skills of the native language and be able to express themselves clearly, accurately and forcefully.
Music

OLIVER W. HEWITT
Chairman

Music has reason to be proud of its department of music which has a history reaching as far back as the ninth decade of the last century. Students may receive vocal and instrumental training leading to the Bachelor of Arts Degree.

The chronicles of the "Linie" leaves us with such names of music faculty members as Isaac J. Berry, Nathaniel Dett, "Mother" Cora Stevens and Dr. M. B. Boothall.

Miss Sally Woodfine completes the required hours of listening for Music History and Appreciation.

Department

All music majors must come under the "Hammer" of the energetic and dynamic Professor Kenneth Martin, professor of instrumental music and band director.

Mr. Kenneth Martin

Music

Mr. Robert Owens, College organist and teacher in the department of Music, instructs Miss Jacqueline Beaulry, a freshman, at the organ and Miss Fannie Walker, a senior, at the piano. Mr. Owens is also director of the Lane College Concert Choir.

Division of Natural and Physical Sciences

The Division is organized into Departments of Biology, Chemistry, Mathematics and Physics.

Majors are offered in Biology, Chemistry and Mathematics.

HERMAN STONE, JR., Chairman

"Nature is ever inviting investigation; she hides her beauty in a cloud; she buries her truth in the earth; her goodness is whispered among the stars. She spreads before man areas he may never compass, heights he may never scale, depths he may never fathom. Yet she plants within him insatiable curiosity to peer within the veil; indefatigable perseverance to anon the ore of truth; a mind to compel the stars to speak aloud; she rewards him according to his deserts. The Can't-learns she fills with dred and superstition; the Don't-learns she afflicts with pain and regret; the Won't-learns she utterly destroys, but the Do-learns reap, as they have sown, understanding and wisdom. To them she grants command over all the forces of the universe; they are able indeed to build a civilization."

—HENRY HIGGINS LANE
Biology
Chemistry
Mathematics
Physics

Few divisions have enjoyed an increase in enrollment of majors as has the Division of Science. Graduates in this department have distinguished themselves in research, industry, the classroom, and medicine.

Mr. Merle K. Banks
Professor of Physics

Mr. E. L. Perry
Professor of Biology

Mr. Clarence Epps
Incumbent Professor of Chemistry

Mrs. F. R. Porter, Mathematics and Testing

The Division of Education

Mr. James A. Cooke, Acting Chairman

Ralph Waldo Emerson once wrote, "The things taught in schools and colleges are not an education, but the means of an education." This is an eternal truth. Graduates in the Department of Education have distinguished themselves in state and national competition. The Department receives honors annually from alumni who are now holding international positions as private and public school teachers as well as government employees.

The Division of Social Sciences

DR. SAMUEL S. KUNG, Chairman

The common wants of mankind are exceedingly diversified, and the activities designed to satisfy these wants are correspondingly manifold.

Students in the Division of Social Sciences are ac- quainted with a body of knowledge dealing with the social life of man, and are led into an appreciation of human relations, group behavior and group participa- tion in a dynamic society.

Miss Ruth Madden, instructor in the department of Business Education, teaches the use of the monograph machine.

Instructor

"Think! There must be a better way!"

Dr. King poses for a snapshot with two HUHIFASSE State Council and Miss Elvira Parker, a student, while on Social Science Tour.

Dr. King arrives early for the Homecoming game.
**History**

There are 17 courses offered in the area of history which are designed to present the major aspects of history with emphasis on the social, religious, economic and political development of man both past and present.

---

**Religious Life**

Courses in Religion, Ethics, and Philosophy have always been taught at Lane College. These courses are designed to give students an opportunity to examine and re-think their basic beliefs in the light of religious discoveries in textual material and in fellowship experiences. It also provides an opportunity for the student to make application of his new spiritual and intellectual discoveries by making practical contributions to the organized church in his community.

Social Science

The Social Science Club, under the leadership of Arthur David, president, Mrs. P. H. Howard and Dr. S. S. King, advisors, took a trip to New York City and Washington, D. C., in March of the school year 1958-59. Included in the tour were visits to some of America's most memorable sites.

The purpose of this tour was "to do, to see and to feel" a part of the things that have made and are making our history.

"JOURNEY:" The Lane College Social Science Club made a tour of the city of New York with the help of the New England Steam. Left to right: W. Pursell, H. Perez, T. Howard, W. Jones, Mrs. Howard, O. Hill, E. Palmer, W. Pugh, E. McMorris, Y. Mitchell, E. Brown, M. True, B. Green, M. Kade, J. Matthews, A. David, and Dr. King.

Tour 1959

Among the places visited during this tour were the United Nations, Bronx Zoo, Museum of Natural History, Hayden Planetarium, the various areas of New York City that are in the headlines today, the largest church in the world (St. John's Divine Cathedral), the nation's capital, Lincoln and Washington Memorials, Jefferson Memorial, the homes of George Washington and Thomas Jefferson, Arlington Cemetery, and many other places of national interest.

The Supreme Court Building in Washington, D. C., is a glittering marble structure designed by Cass Gilbert and completed in 1935. At the entrance are two symbolic statues carved by Jomme Frazier. The statue on the right typifies strong enforcement of the law.

"EQUAL JUSTICE UNDER THE LAW" Hamilton Pierce stands in the shadow of the Supreme Court Building.

Dragons in Orbit

Our 75th Homecoming swung into high gear Thursday morning with a stirring rally for the Dragons. Thursday night was the coronation for "Miss Lane College." Then came the Pigskin Review Friday night, immediately followed by the bonfire. The high spirits of the pep rally was maintained throughout the weekend's full schedule. The Homecoming theme for this year was "Dragons in Orbit."

Crowds thronged in front of the campus to watch the parade which began at Lane Ave. and Orchard Streets. It was a very well managed and fast moving parade, led by the Lane College Band.

Sororities, fraternities, classes and other organizations entered cars and floats in the parade. Miss Buntie Conley was crowned "Miss Dragotette" at the halftime on the Field by Junior Matthews.

Lane won the homecoming game from Fisk University under extraordinary cold but beautiful skies, not a whisper of rain as has been the case for the past several years.

Although usually forgotten in the rush of activity, many alumni returned to the campus for a nostalgic visit. There were open house receptions and a few meetings, but for the most part, alumni were spectators, looking on, reliving days of participation.

"The Pipes," a college dance band, furnished music for the Homecoming Dance.
Orientation

To help accomplish the objectives of orientation, twenty-two student counselors who are considered to be typical Lonestars are selected by the administrative council to serve on a full time basis during the week.
