The Lanite Staff pauses to honor three persons who by their unquestionable loyalty, consistent devotion, extraordinary contributions, and particularly, their dynamic Christian leadership, have helped to rocket Lane College to "New Concepts—New Horizons"; therefore, with highest esteem we dedicate this 1961 Lanite to you Mrs. Susie V. Adams, treasurer (22 years of service); Mrs. Essie M. Perry, coordinator of education (21 years of service); Mrs. Mary Williams, dietitian (38 years of service).

Foreword

By Lynwood Hunter, Associate Editor

This year's Lanite, which portrays the college highlights during the school year, is produced as a result of tireless effort on the part of the staff and its advisors. This publication is centered around "New Concepts—New Horizons for Power, Principles and Peace."

The theme of the yearbook is for you. Because of the pride that the student body has for the Lanites, the staff seeks to record faithfully and dramatically via pictures those golden college days, long to be cherished, no matter how far and to what degree your concepts and horizons may extend.

To you, Alumni, Faculty, Student Body, and Friends everywhere, we proudly present THE LANTIE of 1961.

Freshmen

The purpose of freshman orientation is to give each Freshman and new student an opportunity to become acquainted with Lane College...its history, philosophy, tradition, physical plant, faculty, and thereby aiding them in becoming adjusted to the college community.

Orientation

To help accomplish the objectives of orientation, twenty-two student counselors who are considered to be typical Laneites are selected by the advisory council to serve on a full time basis during the week.
The students recognized by this organization each year are nominated from approximately 750 colleges and universities. Campus nominating committees are instructed to consider, in making their selections, the student's scholarship; his participation and leadership in academic and extracurricular activities; his citizenship and service to the school; his promise of future usefulness.

Each student who becomes a member of this organization receives without cost a certificate of recognition awarded by the organization and presented at the school; recognition is in the annual publication for the year during which he was selected in the form of a writeup of his college and personal record and a listing in the index under the college from which he was nominated; benefits from the Student Placement Service provided by the organization.

"For once I've been an AKA

I've lived my day."

A.K.A., the first sorority established for Negro women, was founded on the campus of Howard University on January 16, 1908. More than 20,000 college women in this now international sorority have pledged themselves to service for all mankind. Beta Chi Chapter members have participated in campus and national organizations and projects. Because of Beta Chi's interests in high scholastic ability, an award is given to the most outstanding Freshman annually. Most of all, Alpha Kappa Alpha stresses the bond of sisterhood which unites the very interests in one cause. High academic accomplishments, versatility in talent, the dissemination of knowledge, stressing high ideals of womanhood . . . this is Alpha Kappa Alpha.

Sweetheart of Kappa Alpha Psi Fraternity
Miss Doris Ann Hill

This year marks the Golden Anniversary of men of Kappa Alpha Psi Fraternity. Since its birth on January 5, 1911, at Indiana University, Bloomington, Indiana, the men of Kappa, many undergraduate and graduate chapters throughout the nation, have striven to uphold the high principles that are expressed by Kappa.

It is with this view in mind that the men of Beta Lambda Chapter forge forward together toward achievement of the "new horizons" which result from the "new concepts" received from the halls of learning.
