As We Advance in Life,

We Learn the Limits
of Our Abilities.
As Sophomores we have advanced and are advancing. For it was yesterday that we broke the chains and it is today that we must keep our liberties free from the chains to advance even more than we did yesterday. As a sophomore I would like to say, "We have come this far believing in Lane, let us continue to believe, save and support Lane."

Their miraculous progress and achievement result from many worthy and substantial qualities: adherence to principles and ideals of brotherhood; a satisfaction in hard work well done; their readiness to sacrifice for worthwhile causes, and their courage to meet every challenge to their progress.

PAN-HELLENIC COUNCIL

Greek, in their own way,
vital components of the struggle.

THE PAN-HELLENIC COUNCIL is an organization composed of two representatives from each local undergraduate chapter of the various Greek-letter organizations on the campus. The purpose of the Council is to coordinate the activities of the fraternities and sororities; to regulate and set up a standard probationary period; to promote wholesome relations between the organizations; and to consider constructive and cooperative areas through which the various organizations may serve the best interest of Lane College. It is a democratic organization, organized and administered by students, with faculty advisors.
